My Father's House is a non-profit shelter that opened to meet the needs of homeless families. The men, women and children in homeless families

often sleep in their cars; crash on friends' couches or go from home to home just to survive. Many of these families have no idea how to obtain or keep a job. Some need professional counseling, all of them need HOPE.

My Father's House seeks to meet the needs of the whole person, including physical, emotional and spiritual dimensions of our clients' lives. Our desire is to address the underlying causes of homelessness and offer the help that each family needs.

We offer recovery classes and support groups to help homeless families begin the process of health and wholeness. Many of the services include accountability counseling, life management, job search assistance and referral to social service agencies. We offer assistance in job training, job search and networking as well as individual assistance and classes in personal finance.

All of our programs stress responsible living and decision making. We never do anything for residents they are able to do for themselves, but we are available with assistance, support and training. We use a case management approach, which includes weekly goal setting and progress assessment for each family. Our goal is to help families become self supportive and independent.
